Operating & Financial Results: Second Quarter 2020

Grupo Posadas, S.A.B. de C.V. & Subsidiaries Mexico City, July 23rd, 2020.

Information presented with respect to the same quarter of previous year under IFRS accounting standards:

- The COVID-19 health emergency required us to temporarily close all hotels until May 30, 2020, and thereafter, in accordance with the provisions of the federal and state epidemiological traffic lights. In June, we gradually resumed operations, with limited services in accordance with the health authorities' restrictions.
- In 2Q20, revenues reached \$417 million, representing an 81% decline QoQ.
- 2Q20 EBITDA was negative \$382 million, reflecting the application of IFRS 16, which went into effect on January 1, 2019.
- Cash available as of June 30, 2020 of \$925 million.

COVID-19 significantly impacted the end of the first quarter and the second quarter and will also impact our performance in the medium term.

The authorities of the various levels of government have established protocols and mechanisms that we must implement prior to reopening our hotels. These protocols require us to modify how we interact with our guests, implement a multitude of special cleaning processes, establish barriers or physical distance between people, train our employees, and continuously monitor their health and activities.

Reopening protocols limit capacity, services and even the type of clientele (for both essential activities and the general public) that can be accommodated according to the applicable epidemiological traffic lights. However, occupancies remain very low in relation to our operational capabilities.

In June, we began reopening our hotels with the "Travel with Confidence" advertising campaign, in partnership with 3M and based on guidelines from the ABC hospital in Mexico.

The wellbeing of our guests and employees is our foremost priority, followed by preserving cash. As of June 30, 2020, Posadas has \$925 million cash on hand.

In this quarter, due to the aforementioned lockdown, we generated only 19% of the revenue versus the same period of the previous year. The main expenses were payroll, hotel leases and suppliers.

As of June 30, 2020, the balance of Vacation Properties receivables reached \$6,124 million, representing an increase of 13% compared to the same period of the previous year. However, the balance decreased 7% (\$470 million) over the previous quarter.

Given the volatility and uncertainty that COVID-19 has caused in the global economy and in the tourism industry in particular, on June 25, 2020 we published a Relevant Event regarding an action we took to maximize our financial flexibility. We proactively decided not to make our June 30, 2020 interest payment on the "7.875% Senior Notes Due 2022" and do not expect to make such payment during the subsequent 30-day cure period.

In addition, Grupo Posadas has hired DD3 Capital Partners, Ritch Mueller Heather and Nicolau, and Cleary Gottlieb Steen & Hamilton as our advisors to analyze and develop strategic solutions that will enable us to best serve the interests of all of our stakeholders.

> Hotel Development

On July 1, 2020, the 20-room Gamma Morelia Vista Bella hotel opened under a franchise contract.

On July 15, 2020, we launched Curamoria Collection, our new brand of boutique hotels through a franchise business model with the opening of the Náay Tulum hotel with 36 rooms and luxury suites.

The economic outlook of the travel and leisure businesses is still uncertain. Therefore, we have decided to focus our resources and position our brands in well-known markets.

Consequently, an agreement was reached to terminate the Fiesta Americana Punta Varadero and Fiesta Americana Costa Verde hotel contracts.

Likewise, and by mutual agreement between the parties, the following six hotel contracts were also terminated: Holiday Inn Mérida, Fiesta Inn San Cristóbal de las Casas, Aqua Boutique Resort Playa del Carmen, One Coatzacoalcos, Gamma León Universidad, Gamma Valle Grande Ciudad Obregon.

Altogether, the 2,155 rooms of these hotels represent 8% of the total room inventory with a small contribution in revenues of the management business.

During the last twelve months, the Company opened 11 hotels with 1,526 additional rooms.
